Musical Wall Clock

The Seiko Emiline Wall Clock - 3.75 in. Wide, with its sunburst-style Roman numerals, antique gold accents, and rich Alderwood finish, makes an impact on any wall of the home or office. This impressive timepiece also features an off-white dial, glass crystal, and brilliant sound quality. There are 12 Hi-Fi melodies to choose from in addition to the classic Westminster chime and, of course, all of these tunes can be adjusted with the convenient volume control and automatically disable when there's no light in the room.
